DIMENSIONS: H 117 cm; 46.06 in | W 44 cm; 17.32 in

MATERIALS: Wood White Lacquer Bronze

This table lamp takes its name from the winnowing method, an ancient technique of separating grain from the straw. Its body is composed of small lacquer wood tubes, representing the straw, and the abat jour shade emerges from the base with a light tapioca fabric, separating distinctively from its rigid body. By mixing a more classic approach to the shade with a contemporary design to its body, this table lamp will brighten every surface and interior."
